

MOBILE APP AI TRANSPARENCY STATEMENT

ZIRAVIX AI EXECUTIVE OS™ CORE

Last Updated: August 21, 2026

This **Mobile App AI Transparency Statement** explains how Artificial Intelligence (AI) is used in **ZIRAVIX AI EXECUTIVE OS™ CORE**, operated by **CODESCREEN BRAINCUB INCUBATOR LTD.** It provides information about the role of AI in **the App**, the types of AI-powered functionality that may be used, the general categories of information that may be processed, and the limitations of AI-generated outputs. **This Statement** should be read together with the **Terms and Conditions**, **Mobile App AI Usage Disclaimer**, and applicable **ZIRAVIX Privacy Policy**.

1. OUR COMMITMENT TO TRANSPARENCY

CODESCREEN BRAINCUB INCUBATOR LTD. is committed to using AI responsibly and transparently. We understand that AI is a powerful tool, and we want you to know when and how it's being used as you interact with **the App**:

ZIRAVIX AI EXECUTIVE OS™ CORE

At: <https://ziravix.com/ziravix-app/>

Our goal is to use AI to support and enhance the functionality of **the App**, while maintaining appropriate safeguards, transparency, privacy protections, and user responsibility.

2. WHAT IS AI IN OUR CONTEXT?

In **ZIRAVIX AI EXECUTIVE OS™ CORE**, **AI** refers to technologies and computational models capable of processing information, identifying patterns, generating or transforming content, producing summaries or analyses, and providing **AI-assisted** outputs in response to user inputs or other information processed through **the App**.

AI functionality may be provided through **the App** itself or through applicable third-party **AI** technologies, platforms, models, APIs, or services.

3. HOW WE USE AI AT ZIRAVIX

AI-powered functionality within **ZIRAVIX AI EXECUTIVE OS™ CORE** may assist users with executive, professional, business, strategic, organizational, and related activities.

Depending on the applicable version, configuration, and available functionality, AI may be used to assist with activities such as:

- generating executive briefings and summaries;
- analyzing or organizing information provided by users;
- assisting with strategic planning and initiatives;
- supporting meeting-related analysis and information processing;
- assisting with goals, decisions, knowledge management, and stakeholder-related information;
- generating market, strategy, business, or world-related reports or insights; and

- providing other AI-assisted functionality made available through **the App**.

The specific AI functionality available may vary depending on the version, configuration, platform, third-party services, and other applicable technical or operational conditions.

4. TYPES OF AI SYSTEMS EMPLOYED

ZIRAVIX AI EXECUTIVE OS™ CORE may use machine-learning models, generative AI, natural language processing, large language models, and other AI technologies, including AI technologies provided through applicable third-party platforms, APIs, models, or services.

The specific technologies and models used may change over time depending on the version, configuration, deployment, functionality, and applicable third-party services.

5. DATA USED BY AI

Depending on the functionality being used, AI systems associated with **the App** may process information provided by users, information generated through the user's interaction with **the App**, and other information necessary to provide the requested AI-powered functionality.

The categories of information processed may vary depending on the feature, user inputs, configuration, applicable third-party AI services, and other technical requirements.

The processing of personal information is governed by the applicable **ZIRAVIX Privacy Policy** and applicable data-protection law.

6. YOUR DATA AND AI

When AI systems process information through **the App**, such processing is subject to the applicable **ZIRAVIX Privacy Policy**, **these Terms**, the **Mobile App AI Usage Disclaimer**, and applicable data-protection law.

CODESCREEN BRAINCUB INCUBATOR LTD. applies appropriate technical and organizational measures designed to protect information processed through **the App**, subject to the limitations and conditions described in the applicable **Privacy Policy** and **these Terms**.

Where third-party AI technologies or services are used, information may be processed by the applicable third-party provider in accordance with the applicable contractual, privacy, security, and legal arrangements.

7. HUMAN OVERSIGHT AND ACCOUNTABILITY

AI within **the App** is intended to assist users rather than replace appropriate human judgment.

AI-generated outputs are not necessarily reviewed by a human before being presented to a user. Users are responsible for reviewing and evaluating AI-generated information before relying upon it or taking action based on it.

Where human review or intervention is required by applicable law or is otherwise provided as part of a particular process, the applicable process will apply.

8. LIMITATIONS OF AI

AI systems may produce inaccurate, incomplete, inconsistent, outdated, or inappropriate outputs and may fail to understand context correctly.

AI-generated outputs should therefore be independently reviewed and verified before being relied upon, particularly where they may influence significant legal, financial, business, employment, safety, or other important decisions.

Additional information concerning AI limitations and user responsibilities is provided in the **Mobile App AI Usage Disclaimer**.

9. YOUR RIGHTS REGARDING AI AND PERSONAL INFORMATION

Your rights regarding personal information processed through **the App** are described in the applicable **ZIRAVIX Privacy Policy** and are subject to applicable data-protection law.

Depending on the circumstances and applicable law, these rights may include rights relating to access, correction, deletion, restriction of processing, objection, data portability, and other applicable protections.

Where applicable law provides specific rights in relation to automated decision-making or profiling, those rights will apply to the extent applicable to the processing concerned.

Questions or requests concerning personal information or applicable privacy rights may be directed to: data@ziravix.com

10. FUTURE AI DEVELOPMENTS

The field of AI is constantly evolving. **CODESCREEN BRAINCUB INCUBATOR LTD.** is committed to monitoring relevant developments in AI technology, responsible AI practices, and applicable legal requirements and integrating new, beneficial AI technologies into the **ZIRAVIX AI EXECUTIVE OS™ CORE** responsibly. As our use of AI changes, we will update **this Statement** to keep you informed. We'll always prioritize ethical considerations and your privacy.

11. CHANGES TO THIS STATEMENT

We may update this **Mobile App AI Transparency Statement** from time to time to reflect changes in our practices or legal requirements. When material changes are made, we will notify you through the **ZIRAVIX AI EXECUTIVE OS™ CORE** or by other appropriate means. We encourage you to review **this Statement** periodically to stay informed about how we are using AI.

12. CONTACT US

If you have any questions or concerns about this **Mobile App AI Transparency Statement** or our use of AI at **CODESCREEN BRAINCUB INCUBATOR LTD.**, please don't hesitate to reach out. We're here to help. You can contact us at:
